M. KNUFF, Napoleon, O.

It's about time for another paper to start in Napoleon!

There is no truth in the report that J. M. Myers had made an assignment. He is still on deck ready to wait on customers.

Second invoice of silk umbrellas. We have never sold so many in the same length of time as we have this spring. Our prices are very low.

It has lately come to be known that tobacco chewers seldom have typhoid fever, but whether this is in the interest of medical science or some large tobacco firm, deponent says not.

J. I. Myers, assessor of Monroe township, made his return to the Auditor on Friday, being the second to come in. He found the total value of personal property in the township to be \$69,280. No. of dogs 155. Average value of horses \$33; average value of cattle \$9.50.

An item is going the rounds to the effect that fishing with hook and line is forbidden by Ohio laws between May 1 and June 15. This is a mistake. The law simply prohibits the catching of black bass in running streams. When a man fishes for a sunfish and pulls out a bass he must consign the bass to the water again, that's all.—E.

Young man, if there is a hole in your pocket where the dimes slip through, just look around and buy a lot this spring. Put your summer's saving into it and share in the general prosperity of the town. That's the way fortunes are started. You'll think more of yourself at the end of the year, with something to show for your work, and others will share in the good opinion.

Section 6368, Revised Statutes of the State of Ohio, says: Whoever leaves or deposits any poison, at any common, street, alley, lane or thoroughfare of any kind, or any yard or inclosure other than the yard or inclosure occupied by such person, shall be fined not more than fifty nor less than five dollars, or imprisonment not more than thirty nor less than five days, or both, and shall be liable to the person injured for all damages sustained thereby."

The Cincinnati, Hamilton & Dayton railroad company have taken steps looking to the erection of a bridge across the river and the construction of a tunnel under Broadway to reach their grounds bounded by St. Clair and Lafayette streets and Swan creek. These improvements cannot be made for less than half a million dollars, but the rapid increase of the business of the road demands such increase of facilities. These improvements have been in contemplation for several years, and the time appears to have arrived for the work to be pushed to completion. This is a matter of great importance to Toledo.—Commercial.

Smoking tea is the very latest. Somebody brought this fad to New York about two months ago and it has spread among women. The smoking circles are now quite common. At afternoon parties where are social young ladies, after luncheon little saucers with an ounce of black tea on each are brought on accompanied by cigarette papers, and the girls go to work rolling tea cigarettes. They do it all very daintily, and make believe they like it. To a cigar smoker the flavor is dry, somewhat medicinal and woody, and the trouble in keeping the contents lit is too much. The effects of smoking tea is slightly negative, an immoderate use of the cigarette makes the complexion cloudy. Excessive tea drinking will do the same thing.

ATLANTIC OCEAN, MAY 7, 1889. STEAMER GERMANIC, WHITE STAR LINE. MRS. JORIAN KOLLER, NAPOLEON, O., DEAR WIFE:—I expected to write you again while at New York City, but owing to the tremendous crowd in the city we had some difficulty in getting our business closed up. We arrived at the steamer forty-five minutes before sailing. Charley Reynolds called on us. We have changed our route—we go to Liverpool and London, to Paris and south; mail your letters to that address till further advice.

This is our seventh day out and have had pleasant sailing and fine weather. I have written to J. B. Augenstein a letter each day since we left New York. I am a little off; Mr. Trowbridge is quite well. We are having a good time, living high—eating and drinking and plenty of good company; I might say from all parts of the globe. This is Wednesday, 10 o'clock a. m. and a bright, clear pleasant morning and a calm sea. I have had a good night's rest, finished breakfast at 9 o'clock and just finished smoking. Sometime early in the morning we will pass Queens-town, Ireland, where we can mail our first letters for U. S. A., so I will improve the opportunity.

This is a nice steamer and we live high—five meals a day, coffee and toast before we get up, breakfast at 8:30, lunch at 1 p. m., dinner at 6 p. m., nine courses, supper at 9:30 p. m., and will furnish hot lemonade and biscuit between meals if desired.

We have had some rain and at times a good breeze. Steamer rolled considerably which made it pleasant and enjoyable. I would like to have seen a little wind to give me a good appetite. Our cablegram will reach you ere this does and to some extent will be stale news. Trust you are all well; write often and do not forget to mail the Northwest.

From your husband beyond the sea,
JORIAN KOLLER.

Burglary.

The residences of Dr. Harrison and L. L. Orwig were entered by burglars on Monday night. At Dr. Harrison's the thieves got for their trouble \$13 in money and a lot of baby jewelry, while at Mr. Orwig's they secured some \$30 in money and all of his wife's jewelry, including her watch. Both houses were entered from the lower windows, but whether the job was done by home talent or professionals remains to be found out. Mr. O. has offered a reward of \$50 for the return of the jewelry and the thief.

"Domestic."

Theo. Suhr & Bro. are agents for the celebrated "Domestic" sewing machine, the best sewing machine for practical use in the market to-day. It has been tested and is fully recognized as the machine for all work for the American housewives. It has been in use for years, and its manufacturers have through experience brought it up to as near perfection as perfection can be. All defects usually found in sewing machines have been overcome by the "Domestic," and it now stands head and shoulders above any other before the people. No family in Henry county can afford to be without one. Messrs. Suhr have a fine stock of "Domestics" on hand, and are selling them to our citizens at reasonable figures. No fancy prices upon the "Domestic." Ladies should call at their shoe store and examine the machines.

Everybody Busy.

Never before in the history of Napoleon was everybody so busy as they are this spring. You cannot find mechanic, mason or laboring man of any kind but what he has engagements for at least 3 to 6 weeks ahead. Everybody seems to want to build or repair, more so however in the country than in town. Saur & Balsey have never been more busy in filling orders for paints, oils, varnishes and paper. Their stock however, is complete, and everybody who goes there is sure to get what they want. The paints sold at this house are guaranteed to be as represented and warranted to give satisfaction. They have been in use for many years and have been subjected to the severest tests. Their lasting qualities are beyond dispute. Their immense stock of wall papers is fast disappearing, large bundles being carried away every day. Don't fail to see this stock of paper before making your purchases.

Hospital Remedies.

What are they? The growth of intelligence in medical matters has given rise to a demand for a class of genuine, reliable medicines. The opportunity of the ignorant quack, who grew rich curing everything out of a single bottle has passed. To supply satisfactorily this demand this list of remedies has been created. They are the favorite prescriptions of the most famous medical practitioners of the day, gathered from the hospitals of London, Paris, Berlin and Vienna. Prescriptions which cost the patients of these specialists from \$25 to \$100; are here offered, prepared and ready for use, at the nominal price of One Dollar Each. Not one of them is a cure all; each one has only the reasonable power of curing a single disease and each one keeps its contract. Sufferers from Catarrh, Disordered Lungs, Bronchitis, Asthma, Consumption, Rheumatism, Dyspepsia, Liver and Kidney Complaints, Fever and Ague, Neuralgia, Female Weakness, Leucorrhoea, or Nervous Debility, should send stamp for descriptive catalogue to Hospital Remedy Co., No. 303½ West King St., Toronto, Canada. If your druggist does not keep these remedies remit price and we will send direct free of duty. dec 27 '88 1-7
